Florida Veterinary Scholars Program
Biomedical Research Opportunities for Veterinary Students

Stanley Kim, BVSc, MS, Director
Ramiro Isaza, DVM, MS, MPH
Linda Hayward, PhD
Roy Curtiss, PhD
Heather Walden, PhD
David Pascual, PhD
FVSP Mission

- To expose veterinary students to career opportunities in biomedical research

- Industry
  - Drug development, testing, marketing

- Government
  - CDC, NIH, USDA

- Academia
FVSP Program Details

- 10 weeks
- Applied or clinical research
- UF or other BI-affiliated program
- May 21-July 27
- Often combined with VEM 5991
- Stipend - $5,000
  - 50% Deans Office/Grants
  - 50% match from mentor
FVSP Program Details

- Weekly 2 hr lecture/field trips
- Balance of time in sponsor’s lab
- Presentation of research results (poster format)
- BI-NIH National Veterinary Scholars Symposium
  - Optional funded travel and poster presentation
  - Hosted by Tufts University
MAF Scholar Program

- Same summer program
- Slightly different application process
- One application from UF forwarded to MAF
What do you have to do?

- Visit website
  - [http://research.vetmed.ufl.edu/research-programs/student-scholars-program/](http://research.vetmed.ufl.edu/research-programs/student-scholars-program/)
- Talk to faculty
  - Ask me or last year’s students for recommendations
- Apply
  - Academic credentials (undergrad and 1st semester GPA)
  - Personal statement
    - Career goals and why you want to participate
  - Rank faculty mentors
Who gets funded?

- Number of students depends on available funding
- Student criteria
  - GPA and personal statement
- Faculty criteria
  - Project abstract
  - Availability of project and stipend matching funds
  - History of mentorship
Association with VEM 5991

- Students are eligible to enroll for summer and receive VEM 5991 credit
  - If project will be completed during that period
  - *Draft* manuscript written
- Alternatively, the VEM 5991 requirement must be fulfilled before 3rd year Spring
Why should you apply?

- See if you like research!
- Complete individualized research credit (while getting paid!)
- If you attend the NVSP conference, poster done for later presentation
- Potential publication
- Bonus for application to residency/internship programs
- Opens opportunities for alternate careers
FVSP Funding

- UF CVM
  - Office of Research and Graduate Studies
  - Faculty mentors
- Boehringer Ingelheim
- Morris Animal Foundation
- Florida Veterinary Medical Association
- PetSmart Charities
